

## Quick Reference Guide – Payments

The Payments widget is organized by multiple functional tabs based on your permissions:

- Payments
- Payment Templates
- Payment Maps
- NACHA Import
- Wire Import

The Payments tab provides a consolidated list of Automated Clearing House (ACH), Tax, Wire and Loan payment records that have been submitted, on accounts and payment types you have permissions to. These include both processed and pending payments, initiated on the fly as freeform payments and those initiated from using a payment template.

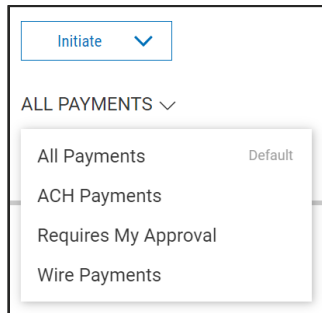

To access the Payments tab inside the Payments widget, open the left navigation menu, click to expand the Payments & Transfers menu, then select the Payment Center link. The Payments widget is the first widget and is pinned to the Payment Center workspace. The Payments tab is the first tab in the widget.

As with other list view widgets, the Payments widget list view can be personalized by you – sort data in a column, display desired columns, arrange the order of columns and filter data. You can save multiple personalized views for later use. Data from the list view can be printed and exported.

## Quick Reference Guide – Payments

As a helpful start, standard saved views are offered that filter and arrange the data specifically for Wires and ACH, as well as a view for payments requiring your approval.

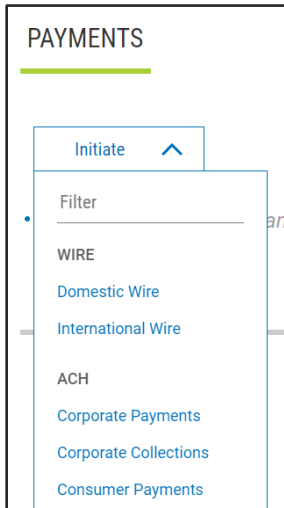

# Quick Reference Guide – Payments

## Initiating Payments

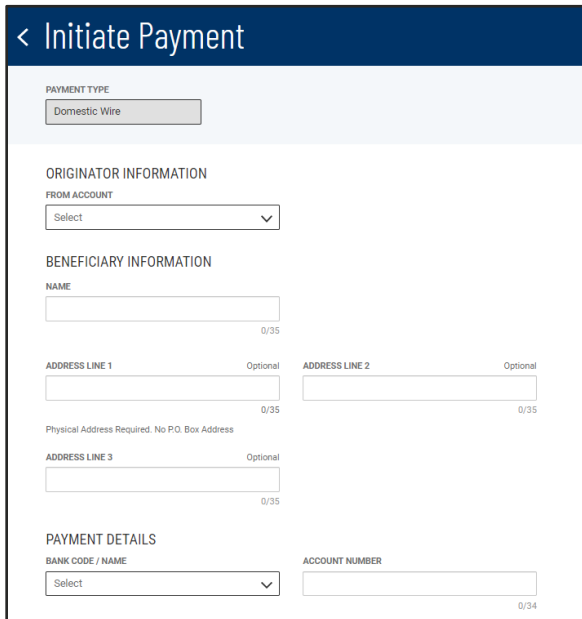

To initiate a new payment, click the Initiate dropdown at the top of the list view, on the PAYMENTS tab.

This dropdown will include all payment types that you have permission to initiate.

Once a payment type is selected, the payment entry form appropriate to that type will appear. Input the required and desired optional information.

A screenshot of the 'Initiate Payment' form. The form is titled '< Initiate Payment' and contains several sections: 'PAYMENT TYPE' with a dropdown menu set to 'Domestic Wire'; 'ORIGINATOR INFORMATION' with a 'FROM ACCOUNT' dropdown menu set to 'Select'; 'BENEFICIARY INFORMATION' with a 'NAME' text field (0/35), three 'ADDRESS LINE' text fields (1, 2, and 3) (each 0/35 and optional), and a note 'Physical Address Required. No P.O. Box Address'; and 'PAYMENT DETAILS' with a 'BANK CODE / NAME' dropdown menu set to 'Select' and an 'ACCOUNT NUMBER' text field (0/34).

## Quick Reference Guide – Payments

With ACH Payments, you have the option to create only the “container” with Payment and Originator information and defer adding the Receiver detail information for later, either via manual input or upload from an external file using an established map. [See Payment Maps Quick Reference Guide for more information on defining maps and the last section of this Quick Reference Guide for more information on Upload Transactions]

## Quick Reference Guide – Payments

When the payment creation workflow is complete and the payment is saved, you are returned to the Payment widget and the Payments tab. A success message is shown at the top of the List View, and your new payment appears highlighted in the list. The position of the payment in the list depends on the ordering and filtering you had set on the list view before clicking Initiate Payment, so the new payment may not always be at the very top of the list.

Payment has been submitted for approval.

Payment Name	Customer Trace	Effective Entry Date	Debits	Total Debits	Credits	Total Credits
New Payment	393	02/08/2021	0	\$0.00	1	\$23.43

Initiate

• ALL PAYMENTS *Changed* [Save As](#) As of 02/06/2021 02:12 PM

ALL	ACTIONS	PAYMENT TYPE	STATUS	FROM ACCOUNT NAME	PAYEE NAME
<input type="checkbox"/>	...	Corporate Payments	Requires other's approval	Alternate Checking	New Payment
<input type="checkbox"/>	...	Domestic Wire	Requires other's approval	Business Savings	Airplane Rental
<input type="checkbox"/>	...	Domestic Wire	Requires other's approval	Business Savings	Boat Rental

In the case where an ACH payment is set to prefund and approval is required, at initiation time if the balance in the funding account does not cover the amount of the payment, a warning message will appear reminding you to ensure that sufficient funds are available for the approval step.

Payment has been submitted for approval.

Pending payments total of \$500,000.00 exceeds the available balance of \$88,095.50 for account 0010000001. Please ensure sufficient funds are available.

Payment Name	Customer Trace	Effective Entry Date	Debits	Total Debits	Credits	Total Credits
Prefund1	10	09/21/2020	0	\$0.00	1	\$500,000.00

Initiate

• ALL PAYMENTS As of 09/18/2020 04:14 PM

ALL	ACTIONS	PAYMENT TYPE	STATUS	FROM ACCOUNT NAME	PAYEE NAME	CUSTOMER TRACE NUMBER	AMOUNT	TRANSACTION
<input type="checkbox"/>	...	Consumer Payments	Requires my approval	Accounts Payable	Doug	8	65.00	09/21/2020
<input type="checkbox"/>	...	Consumer Payments	Requires my approval	Accounts Payable	Doug	9	65.00	09/21/2020
<input type="checkbox"/>	...	Corporate Payments	Requires my approval	Concentration Account	Acme	10	500,000.00	09/21/2020

<input type="checkbox"/>	...	Consumer Payments	Processed	Accounts Payable	Doug	5	65.00	09/18/2020

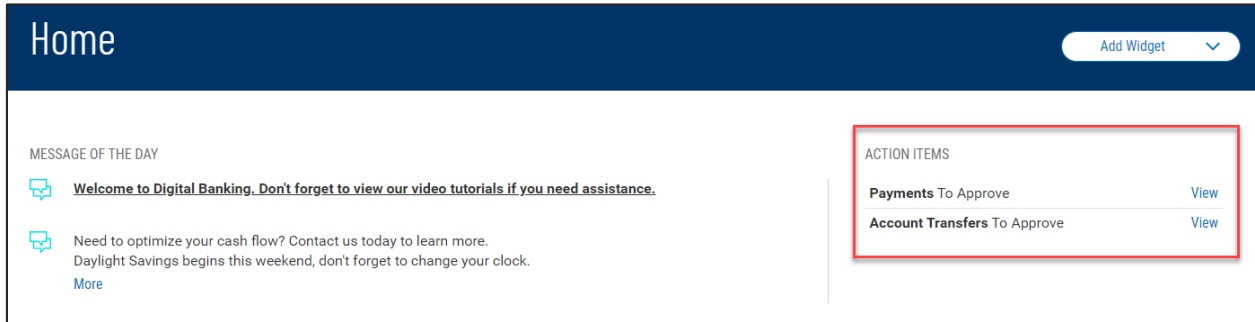

In the case where an ACH payment is set to prefund and approval is not required, at initiation time if the balance in the funding account does not cover the amount of the payment, the payment will fail and you will receive an error message.

# Quick Reference Guide – Payments

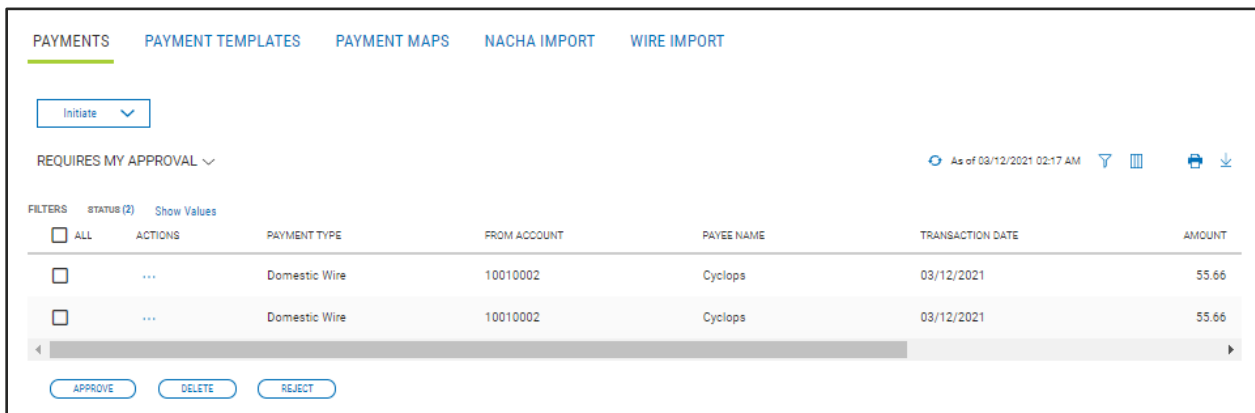

## Approve Payments

When approval is required, payments requiring approval show a status of either “Requires My Approval” when you can approve them, or “Requires Others Approval” when they require approval by another user.

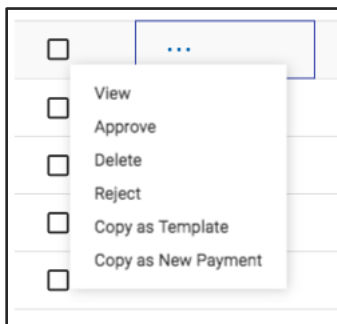

If you have payments approval permissions, you will be notified on the Home workspace that there are payments for you to approve.

Clicking to view, will take you to the Payment Center and you will have a Requires My Approval list view in the Payments tab to approve, reject or delete the payments.

Payments can be approved from the list view by hovering over the ellipsis (...) and choosing “Approve” for one payment;

## Quick Reference Guide – Payments

or by selecting multiple payments and clicking the Approve button at the bottom of the list view. Payments of different types (Wires and various ACH) can be approved together with a single click of the Approve button.

SELECT	ACTIONS	PAYMENT TYPE	FROM ACCOUNT NAME	PAYEE NAME	STATUS
<input type="checkbox"/>	...	Corporate Payments	Office Expenses	Zippy Inc	Requires others approval
<input checked="" type="checkbox"/>	...	International Wire	Test Account 1	Klim Mueller	Requires others approval
<input type="checkbox"/>	...	International Wire	Test Account 1	Klaus Mueller	Requires others approval
<input checked="" type="checkbox"/>	...	International Wire	Test Account 1	Klaud Mueller	Requires others approval
<input type="checkbox"/>	...	International Wire	Test Account 2	Scott Stone	Requires others approval

APPROVE    DELETE    REJECT

When multiple payments are selected to approve, you are taken to an approval action summary workflow page, which will show the selected payments about to be approved. You can remove payments from the list, if desired, cancel the whole action, or continue on with the approval.

< Approve Payments

⚠ You are about to approve the following payments

🔍 🗑️ 🖨️ ⬇️

VIEW 1-2 OF 2

DISPLAY All ▾ 1

APPROVE    CANCEL

## Quick Reference Guide – Payments

When the approval is completed, you are returned to the Payment Center workspace. A success message will show at the top of the Payments List View, and the newly approved payments are show highlighted in the list and with an updated status. Depending on the type of payment and the specific approval requirements, some payments may require approval from more than one user.

Similar to the approval action, payments can also be rejected or deleted singularly or in bulk.

The screenshot shows a web interface for managing payments. At the top, there is a header with a checkmark icon, a breadcrumb '> 2 Payments Approved', and a close icon. Below the header is an 'Initiate' button with a dropdown arrow. A filter dropdown is set to 'ALL PAYMENTS'. To the right, there is a refresh icon, a timestamp 'As of 07/02/2020 04:55 PM', and icons for search, filter, print, and download. The main content is a table with the following columns: ALL (checkbox), ACTIONS (three dots), PAYMENT TYPE, STATUS, FROM ACCOUNT NAME, PAYEE NAME, and CUSTOMER ID. The table contains five rows of payment data. The second and third rows are highlighted in light blue. At the bottom of the table, there are three buttons: APPROVE, DELETE, and REJECT.

<input type="checkbox"/>	ALL	ACTIONS	PAYMENT TYPE	STATUS	FROM ACCOUNT NAME	PAYEE NAME	CUSTOMER ID
<input type="checkbox"/>		...	Consumer Payments	Ready to Process	PP Account	Doug	315
<input type="checkbox"/>		...	Consumer Collections	Ready to Process	Foreign Account	Alex	327
<input type="checkbox"/>		...	Corporate Payments	Ready to Process	PP Account	3dec	329
<input type="checkbox"/>		...	Corporate Payments	Ready to Process	New Bangor	Acme	330
<input type="checkbox"/>		...	International ACH Collections	Updated	Foreign Account		323

In the case where an ACH payment is set to prefund and Approval is the final step in Initiation, if the balance of the funding account is enough to cover the payment, then the funds will be transferred out of the funding account upon approval. If sufficient funds are not available, then the approval of the payment will fail and you will receive an error message indicating insufficient funds.

# Quick Reference Guide – Payments

## View Payment

To view the details of a payment, select “View” from the ellipsis (...) menu of the desired payment. This will take you to a workflow page that lists the payment information. The appropriate action buttons to that payment type, status and your permissions are displayed on the bottom of the page.

## Quick Reference Guide – Payments

ACH Payments allow modification of the individual transactions through three different methods.

1. Select Modify from the ellipsis (...) menu for the transaction you want to change. This will bring up a window that enables you to change any field in the transaction.
2. Click on “Modify Amounts” from the list of links to the left of the transaction list. Clicking “Modify Amounts” puts the list into “amount input” mode, providing you the ability to tab through and update the amounts for all transactions in the list.
3. Click on “Upload Transactions” from the list of links to the left of the transaction list. Clicking “Upload Transactions” provides you the ability to use to update the existing or add new transactions from an external file, using an established map. [See Payment Map Quick Reference Guide for more information on defining maps and the last section of this Quick Reference Guide for more information on Upload Transactions]

The screenshot displays a payment management interface. At the top, it shows summary statistics: TOTAL ACTIVE COUNT (2), TOTAL CREDITS (2) (\$2,234.56), TOTAL DEBITS (0) (\$0.00), and TOTAL AMOUNT (\$2,234.56). Below this, there are four action links: Add A Receiver, Zero All Amounts, Upload Transactions, and Modify Amounts. The main area contains a table of transactions with columns for ACTIONS, ID, NAME, AMOUNT, and STATUS. Two transactions are listed: one for Acme with ID 0001234 and amount 1,000.00, and another for Global Corp with ID 23044 and amount 1,234.56. At the bottom, there is a large display of the total amount \$2,234.56 and a row of buttons: INITIATE, SAVE, disable, delete, and done.

# Quick Reference Guide – Payments

## Copy As New Payment

A very useful feature of the Payment List View is the ability to copy an existing payment as the starting point to create a new payment. Selecting “Copy as New Payment” from the ellipsis (...) menu in the Payments list view, will launch the payment initiation workflow with all the relevant fields prepopulated from the selected payment. From there you can quickly complete the payment initiation workflow to send your new payment.

## Copy As Template

Another useful feature of the Payment List View is the ability to copy an existing payment as the starting point to create a payment template (ACH and wire) for future use. To copy a payment as a template, select “Copy as Template” from the ellipsis (...) menu in the Payments list view. This will launch the payment template creation workflow with all the relevant fields prepopulated from the selected payment. Because an existing payment contains all the necessary information for creating a template, you should review the template information before adding template name and saving the new template.

# Quick Reference Guide – Payments

Your new template will appear in the list of templates in the Payment Templates widget. The position of the template in the list depends on the ordering and filtering you might have set on the list view before clicking “Copy as Template”, so the new template may not be at the very top of the list.

The screenshot displays the 'PAYMENT TEMPLATES' section of a software interface. At the top, there are navigation tabs: 'PAYMENTS', 'PAYMENT TEMPLATES' (which is underlined in green), 'PAYMENT MAPS', 'NACHA IMPORT', and 'WIRE IMPORT'. Below the tabs is a 'Create Template' button with a dropdown arrow. Underneath, there is a filter dropdown set to 'ALL TEMPLATES' and a refresh button labeled 'As of 02/06/2021 02:56 PM'. To the right of the refresh button are icons for filtering, grid view, print, and download. The main area contains a table with the following columns: 'ALL' (checkbox), 'ACTIONS' (three dots), 'TEMPLATE NAME', 'PAYMENT TYPE', 'STATUS', 'PAYMENT CATEGORY', and 'PAYEE NAME'. The table lists four templates: 'HelloHowarey...', 'Payroll', 'Rents', and 'International F...'. Each row has a checkbox in the 'ALL' column and a three-dot menu in the 'ACTIONS' column. The 'STATUS' for all templates is 'Available for use'. The 'PAYMENT CATEGORY' and 'PAYEE NAME' are also listed for each row.

<input type="checkbox"/> ALL	ACTIONS	TEMPLATE NAME	PAYMENT TYPE	STATUS	PAYMENT CATEGORY	PAYEE NAME
<input type="checkbox"/>	...	HelloHowarey...	Corporate Collections	Available for use	ACH	Andrea
<input type="checkbox"/>	...	Payroll	Corporate Payments	Available for use	ACH	Bottomline
<input type="checkbox"/>	...	Rents	Corporate Payments	Available for use	ACH	Land Lord
<input type="checkbox"/>	...	International F...	International Wire	Available for use	Wire	International F...

# Quick Reference Guide – Payments

## Upload Transactions

If you have permissions to create and manage ACH payments, you will have the ability to upload transactions from a file to your payment in DBIQ-P. You will need to have an ACH Import Map available for use and appropriate to the external file data. The import map instructs the system on how to use the information in your file in order to create or update transactions.

Note – Creating maps is covered in the Payment Maps Quick Reference Guide. You will need permissions to create a map, not for using a map.

While modifying or initiating a freeform payment, if an Import Map is available, you will see a link to Upload Transactions. If modifying a payment based on (initiated from) a template, you cannot import transactions, because doing so may update fields that are not allowed to change in payments associated with templates. You should update the template instead, or you can click the “Freeform Edit” toggle to convert the payment to freeform.

PAYMENT TYPE		PAYMENT NAME		FREEFORM EDIT	
Corporate Payments		Company		NO	
CUSTOMER TRACE NUMBER	BANK TRACE NUMBER	STATUS	SOURCE	TEMPLATE NAME	
376	--	Updated	Template	Company	

# Quick Reference Guide – Payments

Once converted, the Upload Transactions link will appear.

## Quick Reference Guide – Payments

Clicking the Upload Transactions link brings up the Upload Transaction process flow. The first step in the flow is to select the ACH Import Map to use from the “Upload Type” dropdown.

The screenshot shows a form titled "Upload Transactions". Under the heading "UPLOAD TYPE", there is a dropdown menu currently set to "Select". The dropdown menu is open, showing three options: "6 Record Fixed", "CSV Add Map", and "CSV Map". Below the dropdown menu is a blue "cancel" button.

Once the map is selected, depending on the map, you can choose whether to add entries, update entries, or both add and update.

The screenshot shows the "Upload Transactions" form with "CSV Map" selected in the "UPLOAD TYPE" dropdown. Below this, there are two tabs: "UPLOAD FILE" (which is active and underlined) and "VIEW MAP DETAILS". Under the "UPLOAD FILE" tab, there is an "UPLOAD MODE" dropdown menu set to "Update Entries". Below the dropdown is a dashed box containing the text: "Drag file here or [select file](#) from your computer. 1 file maximum. 50000 records per file maximum". A blue "cancel" button is located at the bottom of the form.

You can click the View Map Details tab to see the details of how the map will interpret the file data. Drag a file into the upload area or click “select file” to start the upload process.

## Quick Reference Guide – Payments

### Review Transaction Upload

FILE NAME	UPLOADED DATE/TIME	UPLOADED BY
Vendor1CSVUpload.txt	03/19/2021 01:51 PM	Doug1
MAP	UPLOAD MODE	STATUS
CSV Map	Update Only	OK W/Warnings

---

**TRANSACTION DETAILS**    **UPLOAD MESSAGES**

VIEW 1-3 OF 3      DISPLAY 3 ▾      1

**UPDATE PAYMENT**    cancel

ID	NAME	ACCOUNT NUMBER	ROUTING NUMBER	AMOUNT
0001234	Acme	12345678	61000052	1,111.11
654321	Continental Corp	33498754	61000117	65.43
23044	Global Corp	203930940	61000117	1,200.00

When the file is uploaded, a review screen will show the information from the file. Any errors received in the process will show in the “Upload Messages” tab. If there are no errors, clicking “Update Payment” continues the process. Clicking “Cancel” ends the process and erases the staged updates. On the Accept Import confirmation modal, click “continue” to finish the file processing and update the payment transactions appropriately.

### ACCEPT IMPORT

This will update Corporate Payments payment named Vendor1 with the transactions from the file.

Do you want to proceed?

**CONTINUE**    Cancel

You will return to the payment modify page to continue that workflow, with the transactions added or updated based on the information from the file. A “snackbar” alert in the lower right of the screen will indicate that the transactions have been updated. It is not necessary to “Save” the payment, since the updates to the transactions have already been saved.
